Docket No.: 1293.1143RE

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re the Application of:

Soon Sun SHIM

Serial No. 09/679,896

Group Art Unit: 2621

Confirmation No. 7637

Filed: October 5, 2000

Examiner: Gelek W. Topgyal

For: **METHOD FOR AUTOMATIC SETTING OF A TIMER RESERVATION MODE AND AN ASSOCIATED CLOCK IN A V.C.R.**

**SUPPLEMENTAL DECLARATION FOR REISSUE PATENT APPLICATION TO CORRECT "ERRORS"
STATEMENT (37 CFR 1.175)**

I, Soon Sun SHIM declare that:

1. My residence, post office address and citizenship are as stated below next to my name.
2. I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims as amended in the attached reissue application.
3. I believe the original patent to be partly inoperative or invalid due to the inclusion of excessive limitations in claim 4 which would render the claim unduly narrow, because this claim recites more limitations than are necessary. Claims 11, 12, 13 and 14 recite a method or device with fewer limitations than those recited in claim 4.
4. Additionally, I believe the original patent to be unduly narrow because the claims fail to recite a read-only memory encoded with processing instructions for implementing a method of setting a timer reservation mode in a device having a plurality of reservation modes to a specific mode performed by a processor. Claims 63, 64, 65 and 66 recite a read-only memory encoded with processing instructions for implementing a method of setting a timer reservation mode in a device having a plurality of reservation modes to a specific mode performed by a processor.

5. I acknowledge the duty to disclose to the U.S. Patent and Trademark Office all information known to me which is material to patentability as defined in Title 37, Code of Federal Regulations, Section 1.56.

6. I hereby declare that every error in the patent which was corrected in the present reissue application, and is not covered by the prior declaration submitted in this application, arose without any deceptive intention on the part of the applicant.

7. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
